Understanding the CHES Exam

The Certified Health Education Specialist (CHES) exam is designed to assess the knowledge and skills of health education professionals. Administered by the National Commission for Health Education Credentialing (NCHEC), the exam covers a broad range of topics related to health promotion and education. Candidates must demonstrate proficiency in planning, implementing, and evaluating health education programs, along with understanding foundational health concepts and ethical practices.

Exam Format and Structure

The CHES exam typically consists of 165 multiple-choice questions, of which 150 are scored and 15 are pretest questions. The exam duration is three hours, challenging candidates to apply their knowledge efficiently. The questions are organized around the seven areas of responsibility for health education specialists, ensuring a comprehensive evaluation of relevant

competencies.

Areas of Responsibility Covered

The exam content is organized into the following seven areas of responsibility:

- Area I: Assess Needs, Assets, and Capacity for Health Education
- Area II: Plan Health Education Strategies, Interventions, and Programs
- Area III: Implement Health Education Strategies, Interventions, and Programs
- Area IV: Conduct Evaluation and Research Related to Health Education
- Area V: Administer Health Education Strategies, Interventions, and Programs
- Area VI: Serve as a Health Education Resource Person
- Area VII: Communicate and Advocate for Health and Health Education
